

Community Outreach

The Country Club of York prides itself on working within the community of York. Here are just a few of the areas in which we are active.

Country Club of York Receives Prestigious Award

The Country Club of York was honored to accept an Appreciation Award presented to us by Crispus Attucks Association (CAA) at its recent annual meeting for our ongoing commitment and support of their organization.

This commitment and support to CAA was a direct result of our implementing one component of CCY's Strategic Plan to improve the perception of the Club in the community as a good citizen.

Certainly the high point of this commitment to CAA was an 85th Anniversary Gala Event hosted by CCY in September, 2016 that generated over \$170K of net proceeds to fund much needed capital expenditures at CAA.

We thank the following 85th Anniversary Gala committee members for their time and efforts:

- John McConville
- George Dotzel
- Tracy Groft
- Randy Gross
- Mike Kays
- Jen Doran
- Mark Kandrysawtz
- Karen Lanpher

Country Club of York—Community Outreach

In the Country Club of York's continued effort to honor our strategic plan to working within the community and be good stewards of York County, Executive Chef Greg Mummert held a youth event on culinary delights.

accomplished the goal of introducing culinary arts as potential opportunities for these inner city youth to enter into the culinary art career fields. On behalf of the Crispus Attucks Association, I thank you and the Country Club for an awesome experience.—Phil Drayden"

"The Rising STARS youth were educated and entertained by Chef Mummert and his assistant. This wonderful event

We think the pictures speak for themselves!
